
New generalized-force residual model: older-day training, November2 evaluation
Selection uses older days only
Old-trial selection length RMSE (mm)
Epoch
November2: one-step prediction
Length vector RMSE (mm)
November2: 2 s free-running paths
November2: 5 s free-running paths
StepWave
SineWave4
combinePressure
circleSweep
helix
Nominal, zero residual
Constant velocity
Force-residual GRU
